Help Me Grow

Community Resource Directory

Early Intervention, Home Visiting, and family supports

Hamilton County

Help Me Grow is a system of supports for pregnant women, caregivers with new babies, and families with young children with developmental delays and disabilities.

INTRODUCTION

The Help Me Grow System of Supports includes Early Intervention and Home Visiting services. Our central intake and referral process is the central point of contact for both families and referral sources such as doctor's offices, childcare centers, and social service agencies. Families can also call to refer their own family for services.

This directory is not meant to reflect a complete catalog of all services and resources that may be available in a county, but does capture a significant number and variety available.

Families and professionals who would like more information about these Help Me Grow programs and services should contact Central Intake:

Phone:	(513) 434-3322	1 (800) 755-GROW (4769)
Fax:	General/HEA Forms (855) 418-3322	Hospital/Medical Providers (855) 318-3322

For all other inquiries, suggestions, or submissions of additional resources to this directory of services, please contact **directories@helpmegrow.org**.

Another great resource for anyone interacting with Ohio's young children is the **Department of Children and Youth website**. Find helpful information including developmental milestones, screenings, emotional wellness tips, and so much more at **childrenandyouth.ohio.gov**.
